1.- PRODUCT IDENTIFICATION

Name: Crystalpack Custom
Synonyms: Bubble
Supplier: Polyglobal México
Tel: (52) 55 5255 6000
Fax: (52) 55 5250 8527

2.- HAZARDOUS INGREDIENTS / IDENTITY

N / A

3.- HAZARDS IDENTIFICATION

- Appearance and odor - Flat surface
- Exposure effects - Does not apply
- Exposure through severe conditions - Does not apply

The components are not considered with adverse effects, and do not cause specific symptoms and are not considered carcinogenic, mutagenic or lethal.

4.- FIRST AID PROCEDURES

Effects through acute and chronic exposures

- Inhalation: It does not apply any risk over a solid status
- Eyes: It does not apply any risk over a solid status
- Skin: It does not apply risk
- Practical treatment: Not applicable

5.- MEASURES AGAINST FIRES

- Burning point - Not apply
- Extinction - Foam, CO2 and chemic powder

Equipment for protection purposes
- Jacket against fires - Gloves
- Boots - Helmet with a face mask

Special procedures
- Spray cooling water to smother fire.

Hazard from fires and explosions
- It does not present special risks

Combusted and decomposed results
- It emits irritant vapors and smokes (CO and CO2) that would affect respiratory tract.

6.- ACCIDENTAL SPILL MEASURES

N / A

7.- HANDLING AND STORING

- Stored in a dry, cool and ventilated place free of moisture.
- Avoid over heating and flames spread

8.- CONTROL OF EXPOSURE / PERSONAL PROTECTION

- It is not considered a risky substance.
9.- PHYSICAL AND CHEMICAL PROPERTIES

<table>
<thead>
<tr>
<th>Physical State</th>
<th>Solid</th>
<th>Boiling Point</th>
<th>Not applied</th>
</tr>
</thead>
<tbody>
<tr>
<td>Molecular Weight</td>
<td>It does not apply as it is a chemical polymer</td>
<td>Chemical Properties</td>
<td>Chemically stable and inert, tenacious and flexible to normal conditions of temperature</td>
</tr>
<tr>
<td>Vapor Pressure</td>
<td>It does not evaporate to room temperature</td>
<td>Vapor Density</td>
<td>Does not apply</td>
</tr>
</tbody>
</table>

10.- STABILITY AND REACTIVITY

- Stability
  - Stable and inert
  - Unstable

- Conditions to avoid
  - Oxidants, produce rupture in molecular chains. High temperatures, flames

- Non-polar
  - Resistance to chemical substances attacks; inorganic solvents, weak acids, bases and salts in any concentration

- Decomposition of materials hazardous
  - CO and CO2 smokes

- Risk of polymerization
  - Could occur
  - Does not occur

11.- TOXICOLOGICAL INFORMATION

- Oral
  - Information not found

- Inhalation
  - Information not found

- Dermal
  - Information not found

- Carcinogen
  - Components are not considered with adverse effects, and do not cause specific symptoms and are not considered carcinogenic, mutagenic or lethal.

12.- ECOLOGICAL INFORMATION

It is not considered as a dangerous substance, however the degrade can cause damage to the flora and fauna.

13.- TRANSPORT INFORMATION

It is not considered as dangerous product, fully stable during transportation.

NOTE: The data presented is intended for informative purposes only. The company provides no warranty or assumes no commitment as to the accuracy of such information or through results obtained with the product in any specific case and by this means expressly disclaims all implied warranties of merchandize or application to a particular purpose.
